SUMMARY OF THE REASONS FOR DECISION:

The computer image file entitled *!!07tast.jpg* is classified as:
Objectionable.

The computer image file promotes and supports the exploitation of children for sexual purposes. The image depicts a naked adult male lying on his back with his legs raised at the knee. A young naked female child, approximately seven or eight years of age, is reclining on his chest with her shoulders and head supported against his raised legs. The man is performing cunnilingus on the child.

The computer image file promotes and supports the exploitation of children for sexual purposes, deeming it objectionable under s3(2)(a) of the Films, Videos, and Publications Classification Act 1993. The image explicitly depicts and emphasises the child involved in sexual activity with an adult. The format of the image allows easy reproduction and distribution of such files via national and international telecommunications networks. Given these elements, the Classification Office is of the opinion that the image has little purpose other than the sexual gratification of adults with a sexual interest in children.

Consideration has been given to the relevant provisions of the New Zealand Bill of Rights Act 1990 as they relate to this publication. The limit on the freedom of expression resulting from this classification is prescribed by law and considered to be demonstrably justified.
